

Modifications for Position Marker Z-TP1-P07

1 Modification

Due to the high sales figures, the housing of the position marker Z-TP1-P07 is now manufactured as a molded part.

Therefore, the material of the housing changes.

OLD: POM

NEW: PA6 GB30 (Glas ball reinforced)

The color (blue), dimensions and working distances remain unchanged.

2 Prices

From 2018, scale prices up to 25+ will be available again in the price list; the prices do not change.

3 Time Schedule

The change took place after using up of the stock, starting from 01.01.2018.
